TWO CENTS

NUMBER 13

GERMANY REFUSES TO YIELD

WILL NOT ADMIT THAT THE SINKING OF LUSITANIA WAS ILLEGAL

BERLIN BELIEVES THE SITUATION VERY GRAVE

GERMAN FOREIGN OFFICE SAYS AMERICAN DEMANDS CAN BE PUSHED TOO FAR

By Associated Press

Berlin, Feb. 4.—Information reaching the Associated Press today indicates that under no circumstances will Germany admit that the sinking of the Lusitania was an illegal act.

New instructions forwarded to Ambassador von Bernstorff, according to this information, contains simply one phase of the new formulation of the proposed note of regret for sinking the Lusitania.

The sentence is short consisting of only eight words, and does not contain the word "illegal." It represents the extreme limit of Germany's concessions in the Lusitania case.

"Must Not Humiliate Germany"

Berlin, Feb. 4.—Dr. Alfred Zimmerman, Under Secretary of Foreign Affairs, in an interview with the Associated Press today, made no effort to conceal the gravity of the situation, and was explicit in the statements that Germany, under no circumstances, would concede the illegality of her submarine campaign.

"You must not push your demands too far. You must not attempt to humiliate Germany," said Zimmerman, in conclusion.

Lansing is Calm

Washington, Feb. 4.—In the absence of official information, Secretary Lansing has refused to discuss any phase of the Lusitania situation. The department is calm. Something definite, however, may form after the President returns to the capital later this afternoon.

MAYOR NISSEY OBJECTS TO "INSPIRATION"

Nurses Routed Out of Serbia by Bulgarians

STANDING OF HIGH SCHOOL IS IMPERILED

DR. PARSONS SAYS SCHOOL IS NOT EQUIPPED AND MAY BE DROPPED

For many years the Guthrie high school has enjoyed the privilege of sending its graduates to the larger colleges on presentation of diplomas.

This coveted privilege is in danger of being taken away unless speedy action is taken by the board of education to correct present evils and make amends as outlined by Dr. Parsons who has just examined the high school and finds it woefully lacking in equipment.

The high school must be brought to standard or the diploma or cooperative principle will be withdrawn. This subject is of supreme interest to every parent in Guthrie. If the high school is deteriorating it is high time to administer a remedy.

The school board MUST act at once. No city is better than its schools, which next to its churches, are its most sacred possessions.

The report of Dr. Parsons is startling. It is the duty of parents to urge the Guthrie board of education

These nurses of the Scottish Women's hospital, who cared for wounded and dying Serbian soldiers, were compelled to give up their work and retreat from the Bulgarian army when the Serbians were overwhelmed. They were in the great retreat through the mountains to the Adriatic. A woman has returned to Italy via Italy.

CONDITION OF GROWING CROPS IN STATE GOOD

WHEAT, ESTIMATED AT 76 PER CENT; OATS, 36, AND

CORN, 49

The summer of 1915, conditions, as reported by the State Board of Agriculture for the last month of June, show a growing condition of wheat to be in poor need of a fall crop. Prices for farm products at this time are good. The weather following has me the soil in the very cream of condition.
